Objective

My passion is making a true impact through technology. I'm a skilled and creative executive who preferably makes ethical data-driven decisions. I have a deep understanding of both B2B and B2C businesses, especially tech companies. I'm a team player with a track record of credibility, success, and a healthy dose of failure.

Experience

Project Buendia Founder & Tech Lead at MSF & Google **September 2014 – March 2015 (7m)**

I'm the founder of the Ebola-proof tablet project that was built in collaboration with Google and Doctors without Borders. I was responsible for the software design and development, which included securely designing against an environment with high power outage, no internet, and no technical expertise.

Founder, CEO & CTO at Pianco Holding B.V. **January 2009 – September 2014 (5y10m)**

I led a gaming studio focused on gaming back-ends and management with up to 120 team members (4 FTE, 26 PTE, 10 contractors, and up to 80 volunteers) serving 3 million users across 3 games with a gaming environment, a web environment, social media presence and outstanding customer support generating \$2M yearly revenue.

Founder & CEO at Whitespell **March 2015 - present**

Whitespell is my own company. We fund, build, and support impactful and powerful technology that empowers people just like you.
